SERIOUS ACCIDENT ON HIGHWAY.

While attempting to pass a truck
and another car on the highway at
the Dunlay Hill Thursday evening,
the car being driven by Judge Vic-
tor Koerner of Utopia went into the
ditch and turned over twice. The
occupants of the car, Judge Koerner,
his wife, Mrs. Koerner, and her
brother, Richard Kincheloe, were all
three picked up unconscious and
rushed to a hospital in San Antonio.
Mrs. Koerner suffered a fractured
skull and her recovery is extremely
doubtful. Mr. Kincheloe suffered a
badly crushed shoulder and arm.
Judge Koerner's injuries were less
serious.
Judge Koerner was formerly a
resident of D'Hanis, where he edited
the D'Hanis News for a time. Later
he moved to Utopia where he and
Mrs. Koerner were married and where
he has been the postmaster for sev-
eral years.

Austin, and an examination disclosed
that it was suffering from rabies.

SPECIAL NOTICE:

A Mass Meeting of the business men and citizens of D'Hanis,
Texas, is hereby called to convene at the PETER KOCH HALL on
MONDAY NIGHT, FEBRUARY 21st, for the purpose of discussing the
installation of an adequate street-lighting system for D'Hanis, Texas.
Everyone is urgently requested to be present at this meeting, and
support the proposition which will be submitted at this time for prop-
erly lighting and advertising the town of D'Hanis, Texas. Be a Booster
for the town and be present at this meeting on MONDAY NIGHT AT
7:45 P. M.

Yours for a successful meeting,
Signed, THE BUSINESS MEN OF D'HANIS, TEXAS.

NEW STREET LIGHTS A SUCCESS

Viewed from any hilltop adjacent
to Hondo after nightfall the town
is a blaze of glory.

Distributed advantageously over
the city are 46 street lights of 400-
candle power. These lights are of
6.6 ampere series of street lighting
system, and equipped with mast arm
Luxolite type fixtures. This gives a
much better and much more exten-
sive service than the former system.
Mr. C. J. Blum, the local manager
for the South Texas Public Service
Co., is to be congratulated on com-
pleting the installation in so short
a time and despite such unfavorable
weather.

The people of D'Hanis are inter-
ested in installing street lights in
their town, and elsewhere in this
issue will be found a call for a mass
meeting to consider the matter.

ATTENDS CHEVROLET SALES- MEN'S CONVENTION.

The Chevrolet Motor Company,
world's largest producer of gear-
shift cars, is preparing for the great-
est year in its history, according to
Mr. Roy Word, local manager of the
Ray-Word Chevrolet Co., who return-
ed Tuesday evening from Dallas
where he attended a convention of
more than 1000 Chevrolet dealers.
The meeting was the eighth of a
series of 21 meetings that are to be
held this winter from coast to coast.

Enthusiasm over the Chevrolet
outlook for the year and the wide-
spread popularity of cars was evident
everywhere. Dealers from all quar-
ters joined in the opinion that the
current year will surpass 1926 when
Chevrolet established a record in this
territory.

R. H. Grant, Vice-President and
General Sales Manager, of the Chev-
rolet Motor Company, presided at the
business session in the Pantages
Theatre and served as toastmaster
at the banquet in the Adolphus Hotel
in the evening of February 14th.

Under Mr. Grant's direction, Chev-
rolet tremendous sales plans for 1927
were outlined to the dealers and il-
lustrated in the form of playlets.
Assisting Mr. Grant in the conduct
of the meeting were: H. J. Klingler,
Assistant General Sales Manager; D.
E. Ralston, Regional Sales Manager;
Felix Doran, Jr., Dallas Zone Sales
Manager; C. E. O'Meara, Houston
Zone Sales Manager, and W. F.
Doyle, Oklahoma City Zone Sales
Manager; and the following officials
from the main office in Detroit: R.
K. White, D. G. Frazier, Sidney
Corbett, W. G. Lewellen, C. R. Sud-
mann, Wm. A. Blees, L. A. Nim-
nicht, and Wm. Holler.

Mr. Word declared that the Chev-
rolet Motor Company is providing its
dealer organization with the highest
type of merchandising aid and co-
operation. Following the meeting
the dealers were guests of the com-
pany at a banquet in the Adolphus
Hotel.

(Tune of "When the Red Red Robin
comes bob bob bobbing along.")
When a brand new Chevrolet comes
glide, glide, gliding along.
You can hear the people say, every,
every day—I want one.
Step in, step in, it won't be long.
Buy one, drive one, you'll sing a song.
Oh, boy, it's a beauty—Duce colors
bright, fill you with delight.
If you drive this new model A, it
runs so easily—it seems alive.
Of all the cars you try, take my
word and buy, the smoothest
Chevrolet.
Then you will glide, glide, glide
along, smooth, smooth, smoothly
away—
My Chevrolet.

PARENT-TEACHER ASSOCIATION

The regular meeting of the Parent-
Teacher Association was held at the
school building Monday afternoon
with Mrs. J. A. Horger presiding.
The meeting was opened by recit-
ing the Creed in concert, after which
Miss Willie D. Fly's third grade
pupils presented a very entertain-
ing program consisting of the follow-
ing, "children of the Race", depict-
ing the costumes of the different
races that go to make up "America",
the Esquimo, Japanese, Indian, Negro
and Hawaiian. Mrs. Orcenith Fly
added to the interest of this num-
ber by singing "Home Sweet Home".

Miss Leota Pettus then gave a
reading, which was followed by
"Why we Love Longfellow", each of
the six pupils participating giving a
very clear reason for our veneration
of this American poet.

Then followed a three-act playlet,
"Our Flag", which was concluded by
singing "America", in which the
audience joined.

After the program the children
were dismissed and the business ses-
sion was held.

The 2nd vice-president reported
two new names added to the club's
membership list—Mrs. H. A. Heineke
and Mrs. Frank Westfall.

The treasurer reported a balance
of \$62.66 on hand after paying out
\$48.02 for books.

After a discussion as to when to
have the physical examination of
the pupils, Mrs. Roy Carter, Mrs.
Horace Bradley and Mrs. Richard
Reily were appointed a committee to
confer with the local physicians,
nurses and Supt. Brewster as to what
time would best suit them. The
examinations will probably be held
the first week in March.

Prospects of the new school build-
ing materializing before the next
term of school opens in September,
and foreseeing the probability of
many demands to be made for funds,
the club decided to replenish its
treasury now and voted to have a
"Mexican Supper" on Saturday,
March 5th. The same committees
which served when the last Mexican
supper was had were appointed to
serve again.

Attention was called to the fact
that Friday before March 2nd was
"Parent Day" at the school, and all
parents are urged to visit the school
at this time.

In the count for the banner, the
second and fifth grades tied, with
eight representatives each, and the
club voted to present the banner to
the third grade, that grade having
put on the program for its enter-
tainment.

Supt. Brewster made the announce-
ment that the "rainy day" programs
would be discontinued.

At the close of the evening Mrs.
H. J. Meyer and her assistants, Mes-
dames Chas. Filleman, H. E. Haass,
C. R. Gaines, Fritz De Grodt and
L. E. Heath, served delicious hot
chocolate and sandwiches to about
sixty guests.

YANCEY-HONDO BASKETBALL.

The local high school girls bas-
ketball team, accompanied by the
coach, teachers and a large number
of rooters, went to Yancey Thursday
evening, where a hard-fought game
of basketball was played with the
Yancey team, with Yancey annexing
the game. The teams were evenly
matched. The 21-17 score in Yan-
cey's favor. Miss Nora Saathoff,
teacher of the Biry school, refereed
the game.

Where Deep Test Will Be Made.

MEDINA OIL COMPANY WELL SOON AFTER ITS DISCOVERY

In an interview with Mr. J. L.
Bloomquist Thursday morning, he in-
formed us that, in order to expediate
matters, his company has temporarily
abandoned No. 10 and is moving the
rig to a location forty feet west of
the big discovery well. Here No. 11
will be drilled in the effort to
pick up the same producing strata
that was found in No. 1.

In the meantime, the derrick at
No. 1 will be repaired, re-enforced

and made ready for use in drilling
No. 1 deeper in the effort to find
larger production.

As soon as No. 11 is completed,
and it is confidently expected that
this will be accomplished at the
depth of No. 1—356 feet,—the work
of deepening No. 1 will be begun and
drilling will be carried to a depth
of 3500 feet unless pay production is
found at a shallower depth.

It has been experienced in most

shallow fields that deeper drilling
has found larger production. No. 1
was begun as a deep test, but the
discovery of pay production at the
remarkably shallow depth of only
356 feet caused the plan to be aban-
doned, and an effort made to develop
the shallow field.

The accompanying illustration
shows the well soon after it was
brought in as a shallow well, and was
the wonder among oil wells of Texas.

WILL MAKE DEEP TEST.

Medina County will soon see the
long looked for deep test in the Me-
dina Oil Company shallow field. Ar-
rangements have been completed for
a 3500-foot well, and much interest
will center around the enterprise un-
til the drill has demonstrated whether
or not pay production of deep oil is
to be found within that depth.

DIRECTIONS FOR SCORING.
I. Operation of Farm
Fertility of Soil

50 points
If all manure pro-
duced on the farm is ap-
plied as ac-
crued, make no deduction. If
it is piled in the open and
only in the winter, deduct 10

points.
Terracing. If rolling land has
been properly terraced and ter-
race properly maintained, deduct
points. If one-fourth of land
is terraced deduct 6 1/4 points.
Legumes. If one-fourth of
planted land is planted in legumes
year, make no deduction. If less
one-fourth, deduct proportion-
ally. If no legumes are grown,
deduct 15 points.

Commercial Fertilizer. If
responds to commercial fertili-
zer and sufficient fertilizer is used
to replace plant food removed by
crops, make no deduction. If other
kinds of maintaining fertility are
used, disregard this point.

Crop Rotation 40 points
A good crop rotation must provide
at least 25 per cent of the culti-
vated acres to be planted in legumes
each year. Deduct 1 point for each
per cent in which the rotation falls
short of this.

Efficient Use of Manure and
Horse Labor 25 points
The most efficient farmers crop
approximately the following acreage:
Texas, 35 acres per man, 1
mule for every 20 acres; Central
Texas, 50 acres per man, 1 mule for
every 20 acres; West Texas, 90 acres
per man, 1 mule for every 20 acres;
South Texas, 50 acres, 20 acres per
man. Deduct 1 point for every
acre short of this in each case.

Crop Yields 50 points
If crop yields (5 year average)
are one and one-half times the 5-
year average for the county, make
no deduction. For every bushel of
grain and every 100 pounds of hay
per acre short of this average, de-
duct 1 point. For every 6 pounds
of lint cotton per acre short of this
average, deduct 1 point.

Living at Home 25 points
If no home garden sufficient for
family use, deduct 5 points. If no
orchard sufficient for home con-
sumption, deduct 5 points. If no
poultry, deduct 5 points. If no
cows or hogs, deduct 5 points. If
farmer does not produce his own
pork, deduct 5 points. If he produces
part of each, and not all, deduct
in proportion.

Seed 20 points
If seed corn or grain sorghum or
cotton seed are not pure, deduct 5
points. If small grain is not treated
for smut at least every other year,
deduct 5 points.

Feed and Care of
Livestock 25 points
On a dairy or beef cattle farm,
if no silage or legume hay (or an

insufficient quantity) is produced
and fed, deduct 10 points. If grain
is not properly supplemented with
protein feeds, deduct 10 points. Add
5 points to final score if cattle herd
is U. S. accredited. Add 5 points
if hogs are kept immunized against
cholera.

Quality of Livestock 20 points
If all sires are purebred and all
females productive and high grade,
make no deduction. If all females
are purebred, add 10 points to total
score. Deduct 10 points for each
grade or scrub sire used.

Adequate Tools, Machin-
ery and Equipment well
Housed and in Good
Repair 15 points
If equipment is inadequate, poorly
housed, or in poor repair, deduct ac-
cordingly.

Large and Uniformed-
Sized Fields 15 points
Uniform sized fields are a great
advantage in maintaining a regular
crop rotation. Score in proportion
as the fields approach this ideal.

Convenient Farmstead
Arrangement 15 points
Ideal arrangement is often impos-
sible on account of the way build-
ings were located by previous owners.
In scoring under this heading, con-
sider not only present arrangement,
but also definite plans for future.

Business Methods and Ability.
I. Relation of Income to
Expenses 100 points
If operating and living expenses,
including interest and taxes, exceed
income for an average of three years,
make full deduction. If income is
equal to or exceeds expenses with
sufficient surplus to pay 6 per cent
on conservative value of land, make
no deduction.

Accounting Methods 50 points
If a complete account of farm in-
come and expenses is kept and bal-
anced and carefully analyzed once a
year, give full score. If an inven-
tory is taken once a year and a
statement of net worth is prepared,
give 20 points additional.

Business Reputation 50 points
If bills are promptly paid, and if
reputation for honesty and square
dealing is good, give full score. If
not, deduct accordingly.

General Farm Appearance and
Upkeep
I. Repair and Upkeep of
Buildings 25 points
Buildings should be kept painted
and in good repair.

Condition of Fields 20 points
Fields and fence rows should be
free from weeds, stumps, etc. If
they fall short of this standard, de-
duct accordingly.

Maintenance of Fences,
Ditches and Rows 15 points
Deduct for rotten fence posts,
broken wires, gates in poor repair,
ditches clogged with rubbish and
roads along farm containing mud-
holes.

Freedom from Weeds
and Rubbish 15 points
Lots and yards should be neat and
free from weeds and rubbish. If
not, deduct accordingly.

Home Life 100 points
I. Convenient House 50 points
Do not score on size or cost of
farm home, but only on its con-
venience and adaptability as a home.

Labor Saving Equipment
in the House 50 points
If no water system, deduct 25
points. If no light system, deduct
10 points.

Character as a Husband
and Father 100 points
This must necessarily be a mat-
ter of judgment rather than mathe-
matics. A man who is a companion
to his children, taking a deep inter-
est in their training and recreation
and in their problems, and who is
a real companion to his wife, should

receive full score. Deductions should
be in proportion as he falls short of
this standard.

Education and Training
of Children 75 points
If children are taken from school
between the sixth and eighth grades,
deduct 50 points. If children re-
main in school through high school,
give full score. If sent through
college, give 25 additional points.
If home is well supplied with good
books and magazines, add 10 points
additional.

Citizenship 50 points
I. Neighborliness 50 points
Do neighbors regard him as a
good neighbor and helpful friend?
Is he cheerful and friendly and ready
to help where help is needed? If
so give full score. If not, deduct
proportionately.

Interest in Schools and
Churches 40 points
Votes regularly at all school elec-
tions, give 10 points. Shows evi-
dence of active interest in the school
affairs, give 10 points. Goes to
church at least 24 times a year, give
10 points. Contributes to church
budget in proportion to his ability,
10 points. If an active worker in
church, give 10 points additional.

Interest in Other Community
Enterprises 30 points
If community has farmers' organi-
zation and farmer is not a member,
deduct 15 points. If known in com-
munity as a "knocker" on commu-
nity enterprises, make full deductions.

Interest in Local, State
and National Govern-
ment 30 points
Deduct 10 points for failure to
vote at last state primaries. For
failure to vote at last general elec-
tion, deduct 10 points.

Farm News. There are no strings tied to this offer—
it is all right effort you in this announcement. Just

and send it in with one yearly subscription to The Na-
tional Farm News at \$1.00. There is positively nothing else you need do.

DANDY SURPRISE PRESENT ABSOLUTELY FREE

ant who submits a list of words accompanied by a subscription as above

Here is your opportunity. Act now—you might
just as well have a nice cash prize as anyone else.
This fine prize would enable you to buy many
things you have been wanting or would be a
mighty fine addition to your bank account.

THE RULES ARE SIMPLE
1. The object of the Contest is to make as many words
as possible from the letters in "Farm Protection." A letter
may be used only as many times in a word as it appears in
"Farm Protection." For instance, a word may contain only
one "S" as that letter appears only once in "Farm Protection."
2. All words shown in the dictionary will be counted in
case they contain only the letters appearing in key word. Words
spelled alike with different meanings will be counted as one
word. Both singular and plural may be used, and both be
counted provided they are in the dictionary.
3. The Contest is open to anyone living any place in
the United States. No regular salaried employee of The Na-
tional Farm News or any of its relatives may enter.
4. Collaboration is permissible, but collaborating parties
must not submit more than one list. Any list sent in that may
lead the judges to believe because of duplication or similar-
ity—they have been compiled by one and the same person or group of persons, will be rejected and not
counted.
5. In case of a tie, duplicate prizes will be awarded.
6. Webster's New International Dictionary, 1925 edition, will be used in determining the cor-
rectness of words.
7. Words must be written on one side of the paper only and must be numbered consecutively.
No list will be counted which does not conform to this rule. Prepare your list neatly. Name and
address must appear on each sheet.
8. Three executive officers of The National Farm News will act as judges in the Contest, and
contestants agree to accept their decision as final and conclusive.
9. All lists of words and accompanying subscriptions must bear a postmark not later than
Saturday, March 26, 1927. Each list must be accompanied by a yearly subscription to The National
Farm News at \$1.00, and all such lists will be promptly acknowledged. Winners will be announced in
The National Farm News.

**SEND LIST OF WORDS AND SUBSCRIPTIONS NOW

A Word With the Old Folks Elderly People Are Learning Importance of Good Elimination. In the later years of life there is apt to be a slowing up of the bodily functions. Good elimination, however, is just as essential to the old as to the young. Many old folks have learned the value of Doan's Pills when a stimulant diuretic to the kidneys is required. Scanty or burning passages of kidney secretions are often signs of improper kidney function. In most every community are scores of users and endorsers who acclaim the merit of Doan's. Ask your neighbor!

AMONG THE DRILLERS.

F. L. Williams et al. will spud in the No. 2 Fohn in Medina County in survey 115, probably Wednesday of this week.

J. A. Swayze is down about 100 feet in his No. 1 Oefinger in Medina County.

Alamo Drilling and Leasing Company in western Medina started taking a core Monday in the No. 1 Kenedy at a little below 1,100 feet. It was intended to core early last week but repairs necessary on the rig delayed. There was a showing of oil at the present depth and the core will be taken to ascertain whether it is worth a test.

Witherspoon is in the top of the Edwards lime at 2,250 in the No. 1 Redus, and the formation is very tight and lacking in porosity and with no showing of oil or water.

The Ina Oil Company has abandoned its No. 1 Finger at 1,650 feet in Medina County on Survey 746.

Witherspoon has set casing at 925 in his No. 2 Franklin and Western Gas and Fuel Company and C. E. Lange at about 900 in their No. 2 Adams. Both wells will probably be in by the middle or the last of the week. Both are in the eastern part of the Adams gas field in Medina County.

Switzer in Medina County is drilling at about 2,560 feet in the No. 1 Zerr Northwest of Hondo.

R. R. Lewis at 2,212 feet was in the Del Rio Saturday in the No. 1 Keller in Medina County a little east of the Adams gas field.—San Antonio Express.

SOUTHWEST TEXAS SEVEN GASERS ADD 179,700,00 FEET.

There were seven gas wells completed in Southwest Texas during the past week, with an estimated production of 179,700,000 cubic feet of gas the first day. Reports for the State of Texas as a whole, including the fields of Kansas and Oklahoma, give the total completed 16, with a production of 141,000,000 feet, and as Southwest Texas alone completed over that amount, there must be a discrepancy somewhere. Of the total two were completed in the Adams gas field in Medina, the No. 4 Adams of the Western Gas and Fuel Company making 36,700,000 feet and the No. 2 Adams of Medina making 4,000,000 feet. In the Miranda territory five gasers were completed, with a combined production of 139,000,000 feet.—San Antonio Express.

Commissioners Court was in session a while the first of the week.

WANTS TON LITTER CONTESTANTS.

County Agent J. P. Forgason wants Medina County farmers to compete in the 1927 Ton Litter Contest. The contest this year is being sponsored by the Progressive Farmer of Dallas, Texas, in co-operation with the Texas Cotton Seed Crushers Association, Texas Safe Farming Association and the Extension Service of the A. & M. College.

Following are the Rules of Contest and Premium Awards:

1. Any hog owner residing in Texas is eligible to enroll in the contest.

2. Litters must be farrowed between February 1 and May 25, to be eligible.

3. Hogs of any kind of breeding are eligible—they may be purebred, grade or scrub.

4. Contestants must notify their county agent or The Progressive Farmer at Dallas, or E. R. Eudaly at College Station, within 30 days after pigs are farrowed.

5. Contestants must make nominations on cards provided for the purpose. These cards may be obtained from your county agent, The Progressive Farmer, or E. R. Eudaly.

6. Pigs raised on nurse sow, or hand-fed are not eligible to compete for prizes.

7. Contestants are requested to keep a memorandum of the ration fed the sow during gestation period, and while sucking pigs; also feed the pigs from beginning to end of contest.

8. Litters may be weighed the day they are 150 days old or any time between 150 days and 180 days after farrowing. Litters with seven pigs or less must go the full period of 180 days. Awards will be made on the basis of actual weight above the required weight for age.

9. The required weight for age is based upon the following scale:—

Age, 180 days, required weight 2,000 pounds for all but 7-pig and smaller litters, which shall be 1,750 pounds. Age, 165 days, required weight, 1,700 pounds. Age, 150 days, required weight, 1,425 pounds.

Between the age of 150 days and 165 days, the required weight will be increased 18 1/2 pounds for each day above 150 days; between 165 days and 180 days, the required weight will be increased 20 pounds per day for each day above 165 days; for each day after 180 days, the required weight will be increased 21 1/2 pounds per day.

10. A certified report of the final weight of the litter must be made by the person supervising the weighing on cards provided for that purpose, and forwarded to either The Progressive Farmer or E. R. Eudaly.

11. The money premiums will be divided as follows:—

Heaviest litter of 7 pigs..... \$ 25.00

or less..... 40.00

Heaviest litter of 8 pigs..... 45.00

Heaviest litter of 9 pigs..... 50.00

Heaviest litter of 10 pigs..... 55.00

Heaviest litter of 11 pigs..... 60.00

Heaviest litter of 12 pigs..... 60.00

or more..... 100.00

Litter with highest weight regardless of number of pigs..... 50.00

Litter with second highest weight, regardless of number of pigs..... 50.00

Boys and girls only, between ages of 12 and 18 years—litter with highest weight..... 50.00

(Boys and girls may compete in other classes as well as their own special class.)

Fifty dollars will be given to the county agent or any other supervisor or leader turning in the greatest number of finished records on ton litters, making a ton or the equivalent of a ton, if weighed before 180 days

12. The premiums will be awarded on the basis of the margin of weight above the required weight for age.

In connection with the above, it might be added that Medina County

is splendidly adapted to the raising of hogs. But the drought of 1925 almost exterminated the hog population of the county. It is to be hoped that this contest will awaken a new interest in this important branch of farming, and that Medina County will become an exporter rather than an importer of pork products.

D'HANIS NEWSLETS

A round-up of Local, Personal and Business Items gathered weekly by our Regular Correspondent

Miss Thelma Langfeld

to whom all items intended for this column should be handed not later than Wednesday noon of each week. Miss Langfeld is authorized to collect and receipt for money due this paper.

Mr. and Mrs. Alvin Britsch of Hondo were the guests of Mr. Ferdie Koch and family Sunday.

The sad news reached here Wednesday evening that Mr. Eug. Bohl, Sr., of Devine had died at his home Wednesday after being sick for a long time.

Mesdames Ferdie Koch, William Holiday and children and Mr. P. M. Koch, Sr., were Devine visitors Wednesday.

Mrs. P. M. Koch, Sr., and son, Phil, were the guests of Paul Koch and family at LaCoste Sunday.

Mrs. Martin Knippa Honored.

On February 10, Misses Agnes Rothe and Thelma Langfeld entertained Mrs. Martin Knippa, of Knippa, with a kitchen and china shower, at the home of Mrs. H. A. Biry.

The room was beautifully decorated in red hearts and a color scheme of red and white was carried throughout the occasion.

Much excitement and merriment was caused over several games of "Old Maid". Miss Marcella Ney held high score.

Another feature of the afternoon was tearing pictures to the likeness of an old maid. Miss Lucy Rothe was the winner of this contest.

After a plate lunch was served, the honoree received a package consisting of all the necessary utensils for dish washing. After she had put on her apron tubfuls of wrapped up bundles were brought to her to wash. When she began to unwrap them, Mrs. Knippa found them to be beautiful gifts instead.

Those present were Mesdames Martin Knippa, Louis Carle, Sr., Arnold Finger, Jno. Rieber, Louis Carle, Jr., Rely Carle, Will Brown, John Nestor, Henry Rothe, H. A. Biry, Misses Cora Finger, Marie Koch, Irene Finger, Lucy Rothe, Gertrude Albrecht, Pauline Zerr, Carrie Langfeld, Marcella Ney and the hostesses.

QUIHI NOTES.

Sunday morning and night, divine services will be held in Bethlehem Lutheran church. At 10:30 o'clock in the morning the service will be in the German tongue and at 7 o'clock P. M. in the English. All are cordially invited to all services in this church.

Sunday school and Bible class begin at 9:30 A. M. in the Lutheran church. This Sunday school is open to all—old and young—and offers something good to all. Come and let us do these good.

Last Sunday night the Quihi Luther League rendered a splendid literary-musical program in Bethlehem Lutheran church to a large and appreciative audience. While the efficiency of Mrs. Henry Schuehle made the church organ speak, all who were on the program for musical selections or for readings, etc., acquitted themselves well. The church choir selections were fine and touched responsive chords in the hearts of many hearers, while the select readings and a timely declamation planted some good seed-grains for thought and action. The committee for programs announce a fine program for March 20th.
